LETTER OF INTENT

Mr. Steve Green
Zoning Administrator
City of Canton
151 Elizabeth Street
Canton, GA 30114

Re: Application of T2 Capital Management for rezoning, annexation, variance & Conditional Use Permit for 20 ^{+/-} acres located in Land Lot 130 in the 15th District; located on the south side of Hill Creek Drive, on the west side of Marietta Highway, east of Gail Avenue; City of Canton, Cherokee County, Georgia.

Dear Steve:

I represent T2 Capital Management in regards to applications of rezoning and annexation for properties located on south side of Hill Creek Drive; west side of Marietta Highway and east of Gail Avenue. T2 Capital Management, LLC is proposing the development of the 20ac unimproved property located at the southeast corner of Gail Avenue and Hill Creek Drive in Canton, Georgia. The proposed development consists of a residential mixed-use project containing 33 detached single family for-rent homes, 25 townhome units, 32 Quad Plex (4-unit residences) units, 210 rental apartment units, and a community club room with pool for use by the residents. Parking for each of the uses are provided on-site and a total of 459 parking spaces are proposed. Nearly 8acres of open space will be provided and preliminary discussions with the City of Canton have taken place regarding T2 Capital dedicating this 8acres to the City for future use as a park/open space.

Eleven different parcels under six separate ownerships compose the 20ac assembled parcels. Two of the eleven parcels are in unincorporated Cherokee County with the remaining nine parcels currently within the City of Canton corporate limits. The two Cherokee County parcels will require an annexation into the City of Canton. The nine parcels within the City of Canton corporate limits are currently zoned GC General Commercial. A change in zoning is required for the proposed uses so the application accompanying this submittal is for a Residential Planned Development (PD Residential).

The Future Development Map classifies the property as Major Highway Corridor (South Crescent Ridge) which includes multifamily as a potential zoning category recognizing the importance of higher density housing in close proximity to arterial roads and the interstate. The project is an opportunity to assemble 11 separate parcels with difficult topography into a neighborhood that will have four (4) distinct housing types in one community.

Please do not hesitate to contact me should you or your staff have any questions or require any additional information or documentation.

Sincerely,
