710 Marietta Road Ph 2 - Future Development

Letter of Intent

12, 50 & 70 Marietta Circle – Request to Rezone to O-RT (Office – Residential Transition) and Conditional Use Permit for Quadraplex Units

The following serves as Letter of Intent and provides responses to the Canton Planning Commission Review Criteria form.

The subject application serves to request **Rezoning of the subject parcel from RA-6 (Residential 6 UPA) to O-RT (Office Residential Transition) in order to add a second phase to an existing, adjacent duplex residential development herein referred to as 710 Marietta Road Ph 1.**

The subject properties are located at 12, 50 and 70 Marietta Circle and currently contain individual single-family homes on each parcel. The lots are located within the Sunnyside District and are located northeast of 710 Marietta Road Ph 1, which contains 25 single and duplex residential units. The Owner, Latimer Apartments, LLC proposes to assemble the existing 710 Marietta Road Ph 1 development site with three subject parcels to add Phase 2. This will total 6.58 acres and contain 49 total dwelling units for a density of 7.45 overall units per acre. All three existing homes will be renovated. The intent of the project serves to support the goals of the Sunnyside Roadmap for Success by offering safe, attractive, connected, and inviting neighborhoods built with quality housing.

Located across the stream from other renovated duplex units, and likewise proposing to expand on an existing attached residential development, the proposed site development is highly consistent and compatible with surrounding land use conditions. Likewise, the 710 Marietta Road project is in the Sunnyside neighborhood area, which is outlined in the Canton Housing Needs Assessment and Market Study as being a target area for construction of additional affordable housing units. This project will add 24 units for a total of 49 renovated, or new construction, affordable housing units for workforce and families.

Phase 2 is proposed to be accessed through Ph 1 as to both make the development cohesive and to avoid adding traffic to Marietta Circle.

Renovated and new units will be built to complement the existing, all-brick units. Phase 1 is currently landscaped throughout with accent trees and shrubs. This palette of plantings will continue through Phase 2. High quality materials utilized with aesthetics and maintenance in mind, the renovation of older homes which need repair and expansion of aesthetic plantings will serve to further property values in the area.

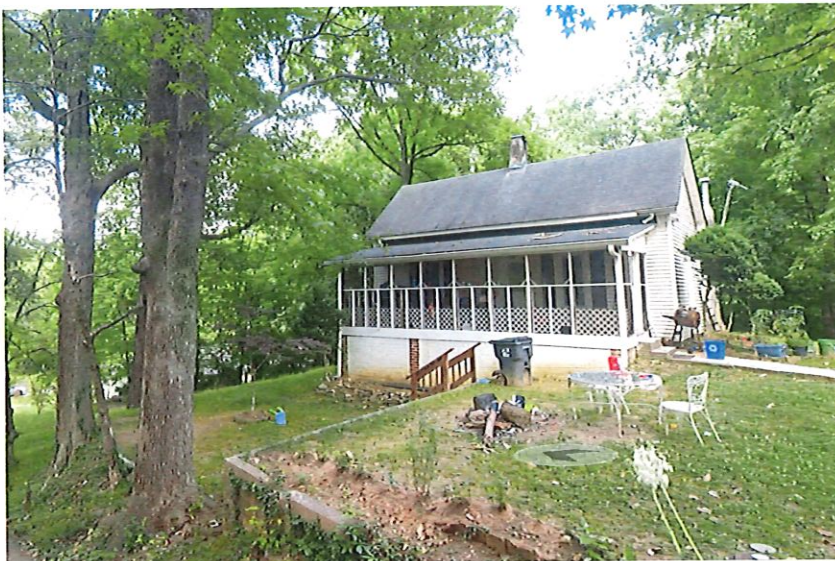

The proposed use is in keeping with both the current zoning of 710 Marietta Road Ph 1 zoning and the requested zoning. The Owner requests to carry over development standards to Ph 2 to make the development cohesive.

The addition of 21 units (24 overall with inclusion of 3 existing) will provide residence for 24 additional families. These units typically hold families of 4-6 people including 2-4 children, on average. Considering that these families are often blended and multi-generational, parking has been shown at a rate of 3 spaces per unit. This exceeds the 2.5 maximum unit in the City of

Canton code. The applicant wishes to request the 3 units to facilitate the parking demands of the residents and their guests. The current maximum rate of 2.5 spaces often does not provide for the demands of the residents, but then also does not provide much room for guests. The Owner wishes to provide for more parking in a way built to City standards.

The site's utilities are proposed to be provided by City of Canton as those in Phase 1 currently utilize, which will increase demand on water and water treatment. An existing sewer line and associated easement located at the eastern end of the project will be realigned to accommodate the proposed unit construction.

Existing homes at 12, 50 and 70 Marietta Circle

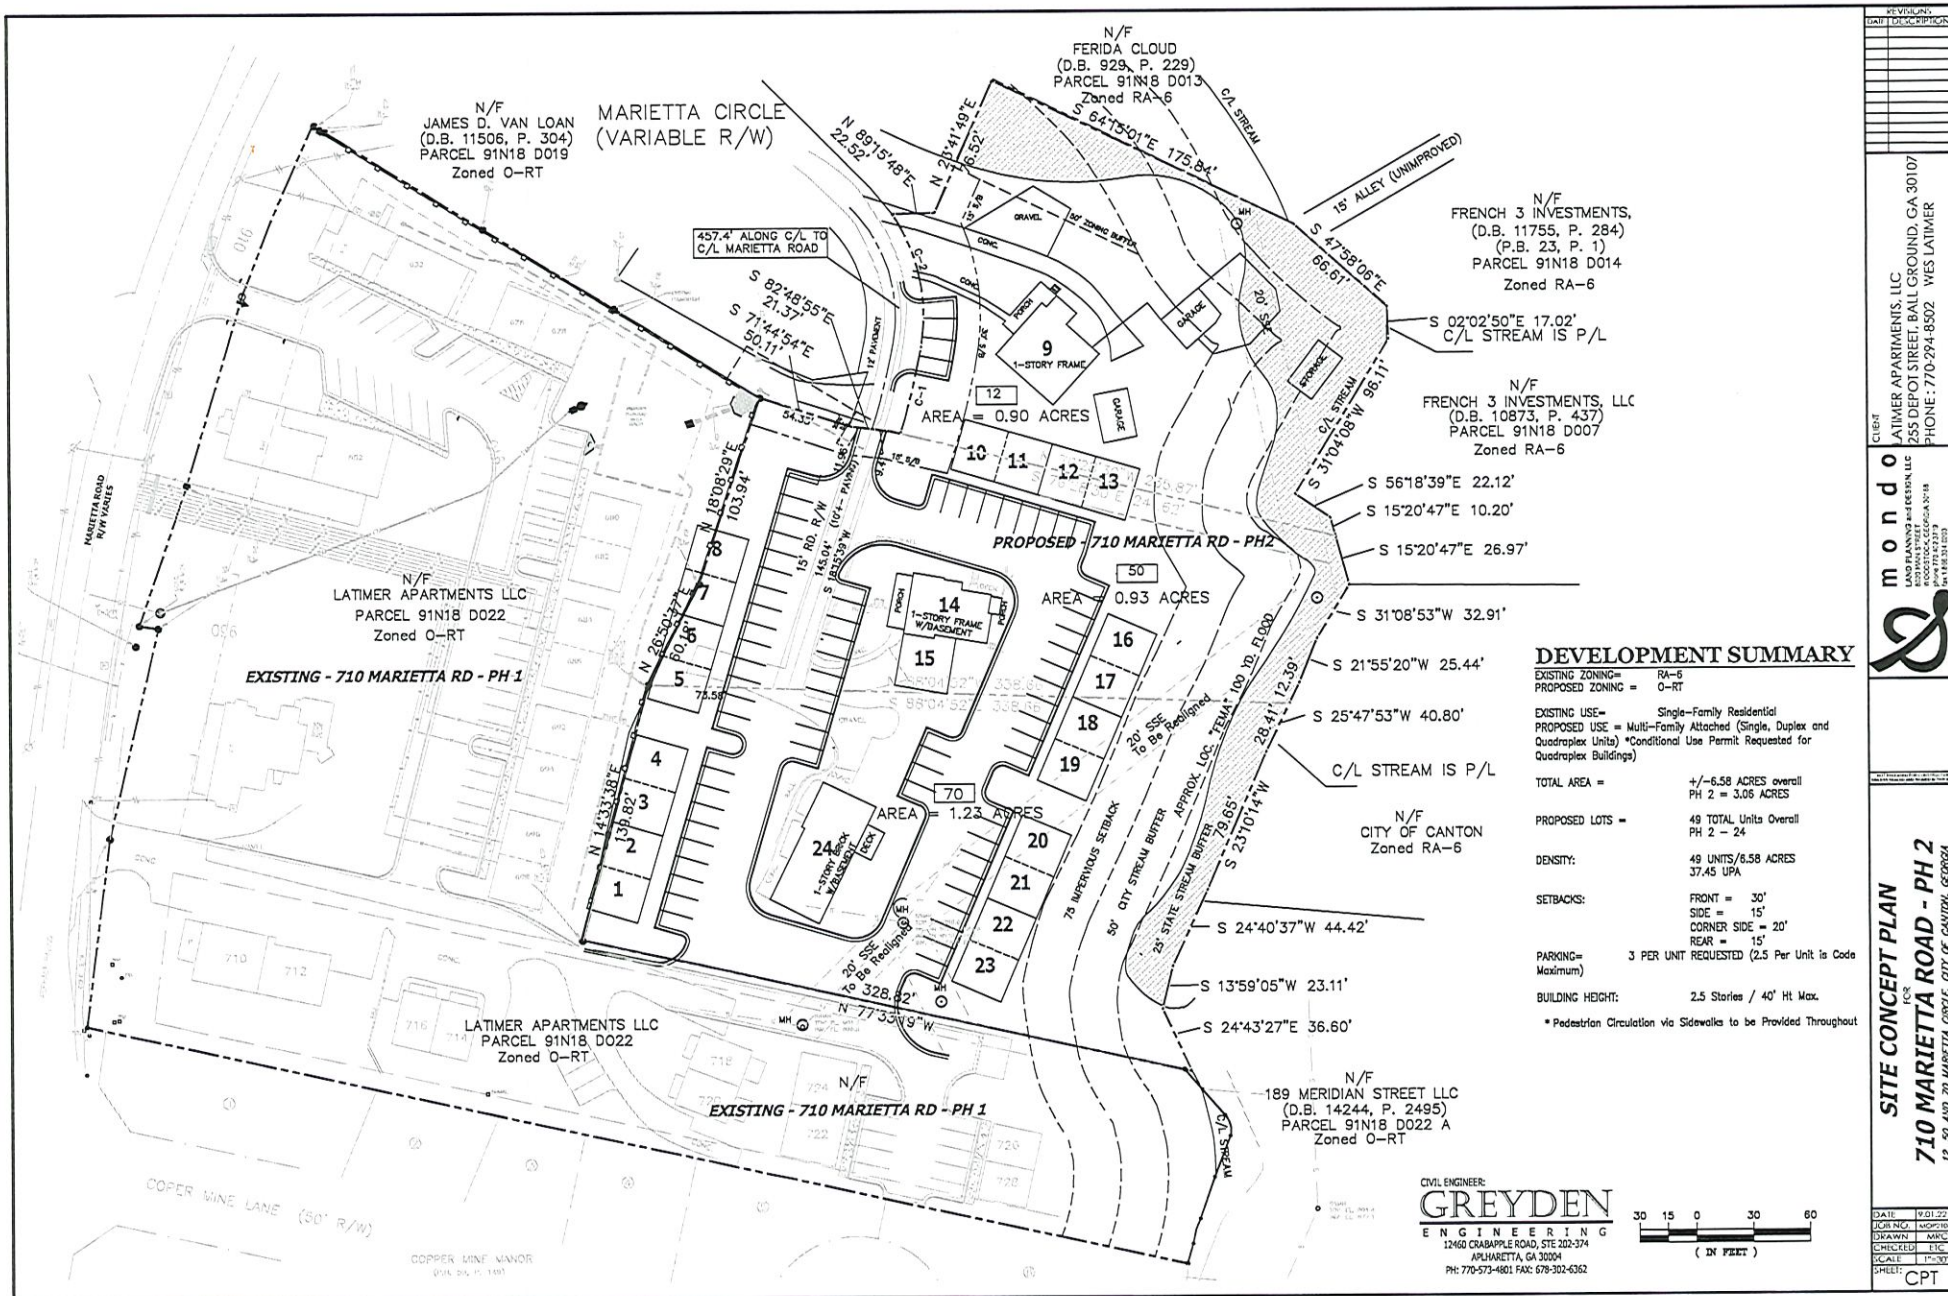

Proposed architectural style, materials and colors of Ph 2 renovations and new construction.
