Department: Community Development **Presenter(s) & Title:** Steve Green, Zoning Administrator

Agenda Item Title:

Request to amend approved Master Sign Package for Northside Cherokee Hospital - Don Hausfeld

Summary:

In 2016 a Master Sign Plan was approved for Northside Cherokee Hospital. The hospital would like to amend the existing master sign plan with the submitted revisions.

Budget Implications:

Budgeted? ☐ Yes ☐ No ☒ N/A

Total Cost of Project: Check if Estimated ☐

Fund Source: General Fund ☐ Water & Sewer ☐ Sales Tax ☐ Other:

Staff Recommendations:

Staff recommends approval of this request.

Reviews:

Has this been reviewed by Management and Legal Counsel, if required? ☐ Yes ☐ No

Attachments:

Letter requesting amendments
Approved 2016 master sign plan
Proposed 2025 master sign plan

NORTHSIDE HOSPITAL

CHEROKEE

August 12, 2025

Mr. Kevin Turner, Community Development Director

Mr. Steve Green, Zoning Administrator

City of Canton Georgia

110 Academy Street

Canton, Georgia 30114

Thank you for working with me on the revisions necessary for the development of the hospital campus. As you advised, please see the bullets points below detailing the modifications to the original "Canton Place Master Sign Plan" submitted on August 18, 2016, presented to City Council on September 1, 2016, with "Phase One-ONLY" approved on September 15, 2016.

- **The approved 'Phase One-ONLY' Master Sign Plan included:**
 - 28 signs depicted in red on page 0.1 labeled 1-28
 - All 28 signs are in support of the main entrance, the hospital and the first two medical office buildings.
 - All 28 signs have been installed.
 - 14 signs depicted in blue on page 0.1 labeled F1 – F14
 - All 14 signs are in support of the new parking deck now constructed, the new medical office building currently in permit review, the surface parking to support the new medical office building and future parking decks and medical office buildings.
 - None of the 14 signs have been constructed.
- **Revision to the "Phase One-ONLY" approved Master Sign Plan:**
 - Needing flexibility with the placement and size of each future sign the following note has been added to the Master Signage Plan found on page 0.1 (Amended):
 - *The Specific Location & Type of Future Hospital Signs Shall Be Determined at A Later Date Based on Future Building Locations, Building Architecture, Wayfinding Requirements & Life Safety Considerations. Design (Appearance,

NORTHSIDE HOSPITAL

CHEROKEE

Colors, Materials, General Sizing) Of Future Hospital Signage Shall Be Consistent with Existing Internal Campus Signage Design Standards. Monument Signage shall have a maximum height of 12'-0" from grade with a maximum sign area of 150sf. As previously approved, building wall signage / building address signage sizing will vary by building structure based on architectural design and context.

- **Addition to the "Phase One-ONLY" approved Master Sign Plan:**

- A second entrance to the hospital campus was anticipated in the original August 18, 2016, submitted master plan, **HOWEVER**, the function and the use of that roadway has changed.
 - That roadway is now for employees, service vehicles, emergency access and other service-related activities carrying over 1,500 cars per day. The purpose of the roadway has been presented to City Council which approved funding 1/3 of its cost as a system improvement to Northside-Cherokee Blvd. to alleviate the back-up and burden to the main hospitals access during shift change.
- The addition detailed on page 0.1 (Amended) depicted in a clouded graphic, is to ensure that no patients or those visiting patients will enter through this access point.
- Four signs are shown on page 0.1 (Amended) labeled R1 – R4.
- The actual design and size of these signs are shown on pages R1-R2a, R1-R2b, R1-R2c, R3-R4a.

We respectfully request the approval of our revisions to the Canton Place Master Sign Plan dated 8-4-25. The revisions are consistent with the size and design as originally approved by the city.

Sincerely,

Donald A. Hausfeld

City Of Canton
Approved Master Plan Signage
September 15, 2016 without Phase Two

Canton Place Master Sign Plan

Issued For City of Canton Review | 18August2016

Contents

Phase One: Northside Hospital Cherokee
Proposed Campus Signage

Phase Two: Future Development Areas
Proposed Signage Standards

An architectural rendering of a modern hospital building. The building has a multi-story structure with a large glass facade on the right side and a more solid, brick-like facade on the left. The glass facade reflects the sky and surrounding environment. The building is set against a clear blue sky. In the foreground, there are some trees and a paved area. The overall style is a realistic architectural illustration.

Hospital Campus Plan

0.1 (Original)

Updated / Current Hospital Campus Plan

Legend

Previously Approved & Installed Hospital Campus Signs

Hospital Identification Signs, Visitor Wayfinding Signs, Medical Office Building Identification Signs, Etc.

Future Hospital Campus Signage

*The Specific Location & Type Of Future Hospital Signs Shall Be Determined At A Later Date Based On Future Building Locations, Building Architecture, Wayfinding Requirements & Life Safety Considerations. Design (Appearance, Colors, Materials, General Sizing) Of Future Hospital Signage Shall Be Consistent With Existing Internal Campus Signage Design Standards. Monument Signage shall have a maximum height of 12'-0" from grade with a maximum sign area of 150sf. As previously approved, building wall signage / building address signage sizing will vary by building structure based on architectural design and context.

Proposed Revisions: New Hospital Campus Signage

New Signage As Required For New Secondary Campus Entrance, Patient Wayfinding To Emergency Services, and Ambulance Wayfinding.

- R1 Secondary Campus Identification Monument Sign With Stone Base. Illuminated.
- R2 Secondary Campus Identification Monument Sign With Stone Base. Illuminated.
- R3 Campus Standard Directional Sign With Stone Base. Sign To Be Positioned Back of Right Of Way
- R4 Campus Standard Directional Sign With Stone Base. Sign To Be Positioned Back of Right Of Way
