City Hall Conference Room

Fire Services Committee

Meeting Called to Order

Present for the meeting were:

*Chair Councilman Glenn Cummins
Committee member Councilman John Beresford
Mayor Gene Hobgood
Fire Chief Dean Floyd
Councilman Hooky Huffman
City Manager Scott Wood*

Item

Discussion of Fire Services Options and Determination of Recommendation to Council

Meeting attendants were provided with a summary of the options as previously determined by the committee and a spread sheet that itemized the estimated costs of each option, both of which had been prepared by Councilman Cummins. The costs and benefits of each option were discussed and compared in depth.

The Committee determined that there was no immediate need to improve fire services and that budgeting for improvements over a number of years will sufficiently provide for the City's needs.
