**Department:** Public Works **Presenter(s) & Title:** Kelly Pendley - Operations Manager

**Agenda Item Title:**

Discussion of High Friction Surface Treatment on City Streets

**Summary:**

On January 17, 2025 a Request for Proposal (RFP) was issued for High Friction Surface Treatment. This treatment is being considered to improve road safety, particularly on steep incline hills at Laural Canyon Parkway and Great Sky Parkway. The High Friction Surface Treatment would help reduce skidding, improve braking distances, and enhance traction in wet conditions.

February 18, 2025 was the bid deadline and no bids were received. Once the RFP was closed out we reached out and obtained 2 quotes for this project.

This project would be in conjunction with our 2025 Paving Project.

**Budget Implications:**

Budgeted? ☐ Yes ☐ No ☒ N/A

Total Cost of Project: \$ 143,436.00 Check if Estimated ☐

Fund Source: General Fund ☐ Water & Sewer ☐ Sales Tax ☐ Other: \_\_\_\_\_

**Staff Recommendations:**

Staff plans on returning to the next Council meeting, April 3rd for further discussion and possible action for the High Friction Surface Treatment

**Reviews:**

Has this been reviewed by Management and Legal Counsel, if required? ☐ Yes ☐ No
