CRITERIA TO BE APPLIED – LAND USE PETITION (ANNEXATION)

- 1. Whether the property(ies) considered for annexation are within the City of Canton's Service Delivery Strategy Area. The parcels are within our water service area. The parcels are not within our sanitary sewer service area.**
- 2. Whether the property considered for annexation are within the City of Canton's Growth Boundary Agreement Area. The subject parcels are within the Growth Boundary Agreement Area.**

DEPARTMENT COMMENTS

BUILDING AND SAFETY SERVICES

- BUILDING SERVICES:

- SAFETY SERVICES:

The following codes and information will be pertinent to the project:

- International Building Code, 2018 Edition, with Georgia Amendments ([2020](#)), ([2022](#)), ([2024](#))
- International Residential Code, 2018 Edition, with Georgia Amendments ([2020](#)), ([2024](#))
- International Fire Code, 2018 Edition (Contact State Fire Marshal Below)
- International Plumbing Code, 2018 Edition, with Georgia Amendments ([2020](#)), ([2022](#)), ([2023](#)), ([2024](#))

- International Mechanical Code, 2018 Edition, with Georgia Amendments (2020), (2024)
- International Fuel Gas Code, 2018 Edition, with Georgia Amendments (2020), (2022)
- National Electrical Code, 2020 Edition, with Georgia Amendments (2021)
- International Energy Conservation Code, 2015 Edition, with Georgia Supplements and Amendments (2020), (2022), (2023)
- International Swimming Pool and Spa Code, 2018 Edition, with Georgia Amendments (2020)

The City of Canton has an automatic sprinkler system ordinance. All multi-family residential construction (three family dwellings or more) requires an NFPA 13R automatic sprinkler system. For commercial development, any structure over 3,500 square feet shall require an NFPA 13 automatic sprinkler system.

This project may require two or more entrances based on the number of dwelling units constructed. This requirement is in the City of Canton Unified Development Code (UDC), section 109.03.12 - Development access and the 2018 International Fire Code Appendix "D".

The minimum diameter fire main size is 8". Fire hydrant placement is based on both the City of Canton UDC, section 110.02.02 (f)- Design criteria and appendix B and C of the 2018 International Fire Code which has been adopted as law in the City of Canton.

Mail Kiosks shall meet the 2010 Federal ADA standard and USPS-STD-4C. A van accessible handicap parking space and access aisle is required to serve an accessible route to the mail kiosk.

Specific 2018 IFC requirements for civil plans:

1. The 2018 International Fire Code, appendix "D" requires fire apparatus access roads not exceeding 10% grade and for local Cherokee County fire apparatus requirements, access road cross grades may not exceed 5%.

2. Roads throughout the development must be at minimum made of asphalt or concrete capable of supporting the imposed load of fire apparatus weighing up to 75,000 pounds.

3. Turn radiuses for all streets shall be 35' minimum for development entrances and 25' for interior streets. Proof of turning radius compliance shall be demonstrated using software analysis such as "AutoTURN" or other clearance/swept path analysis software. For tire curb clearances, bumper swing clearances or inside crimp angles, contact Cherokee County Fire & Emergency Services.

4. Dead end fire apparatus access roads in excess of 150 feet in length shall be provided an approved area for turning around fire apparatus.

5. Aerial fire apparatus streets are required where the vertical distance between the grade plane and the highest roof surface exceeds 30'. The required width of an aerial apparatus road shall be 26' minimum and constructed as noted in note #2 above. One or more of the aerial access routes meeting the building height condition shall be located not less than 15' and not greater than 30' from the building and shall be positioned parallel to one entire side of the building. Overhead utilities and power lines shall not be located over the aerial apparatus road.

Conditions for Consideration

COMMUNITY DEVELOPMENT

The applicant has filed an annexation request for 6.0108 acres located at 8420 Knox Bridge Highway, 1610 and 1618 Butterworth Road. The intent is to develop a 41 unit townhome development. The applicant is also requesting a concurrent variance to reduce the required 50' buffer where property within the city limits abuts property in unincorporated Cherokee County. The request is to reduce the buffer to 25'. The original plan was to have ingress/egress from both Butterworth Road and Knox Bridge Highway. After the Community Input Meeting the proposed plan indicates a single point of ingress/egress from Knox Bridge Highway.

The applicant met with Councilors Waterman, McGrew and Tolan on September 19, 2024. The applicant that the townhomes would have 2 car garages, the unit size would be around 2,200 square feet and the units will contain three bedrooms. For amenities there will be a walking trail with picnic tables. The price point will be +\$500k. The units will be fee simple. The applicant also noted that one of the issues that was discussed during the Community Input Meeting was noise.

The applicant was asked if they would be willing to donate to the Canton Housing Fund and/of offer reduced price units to public safety personnel and educators.

CHEROKEE COUNTY PLANNING AND ZONING DEPARTMENT

The Counties zoning report indicates that the Board of Commissioners met on September 17, 2024 and they voted unanimously to express that they have no objections to the proposed annexation. They also requested that there be no access from Butterworth Road, the 50' buffer be maintained along the eastern boundary against the existing GC and R-20 zoned parcels and that the mailbox kiosk be relocated to prevent vehicular congestion at the entrance from Knox Bridge Highway.

Future Development Map

Site Description: The site is heavily wooded. There is one single family structure along Butterworth Road.

Site History: The staff has no knowledge of the history of the site.

CRITERIA TO BE APPLIED – LAND USE PETITION (REZONING)

1. **Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties;** There are existing townhomes in the River Green development. There are also townhomes under construction at the corner of River Green Avenue and Knox Bridge Hwy.
2. **Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property;** The requested use will not adversely affect adjacent or nearby property.
3. **Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned;** The GC zoned portion of the Knox Bridge Hwy. parcel has reasonable economic use as currently zoned. The R-40 portions does not have reasonable economic use.
4. **Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools;** Comments from city staff have not been received. Comments from the Cherokee County staff have not been received. Comments from the Board of Education have not been received.
5. **Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan and Future Development Map;** The proposed use results in a density of 7 du/a. The suggested use is single family detached at 1-3 du/a.
6. **Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.** The Knox Bridge Hwy. corridor is best suited for commercial or retail uses. The Butterworth Road area is better suited for residential uses.
7. **Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources.** The proposed use will not have an adverse affect on historic buildings, archaeological resources or historic sites.

8. Whether the aesthetic and architectural design of the site is compatible with the intent and requirements of the Comprehensive Plan, the Character Areas, and any Overlay Districts. All multi-family structures must be approved by the Design Review Team.

CRITERIA TO BE APPLIED – CONDITIONAL USE PERMIT

- a. Whether the proposed use is consistent with the comprehensive plan and other adopted policies of the City; The proposed use is not consistent with the comprehensive plan.
- b. Whether the proposed use complies with the requirements of this zoning ordinance; If approved the requested zoning category does allow for townhome development.
- c. Whether public services, public facilities and utilities are adequate to serve the proposed use; City and county staff have not yet furnished comments.
- d. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of:
1. Noise, smoke, order, dust or vibration generated by the proposed use; No
 2. Hours or manner of operation of the proposed use; and No
 3. Traffic volumes generated by the proposed use; No
- e. Whether the proposed use would result in an over-concentration of the subject use type within the area of the proposed use; Currently there are townhomes under construction in the River Green neighborhood. The addition of 41 additional townhome units would not cause an over-concentration of this type house in the area.

- f. Whether the aesthetic and architectural design of the site is compatible with the intent and requirements of the comprehensive plan, the character areas, and all applicable zoning ordinance regulations; **The architectural design will be approved by the Canton Design Review Team.** and
- g. Whether the proposed use is compatible with adjacent properties and land uses, based on consideration of the size, scale and massing of proposed buildings and the overall site design. **The adjacent properties are a majority of single family homes. There is one commercial property use adjacent to the proposed development.**

DEPARTMENT COMMENTS

BUILDING AND SAFETY SERVICES

- BUILDING SERVICES:

- SAFETY SERVICES:

4. Dead end fire apparatus access roads in excess of 150 feet in length shall be provided an approved area for turning around fire apparatus.

5. Aerial fire apparatus streets are required where the vertical distance between the grade plane and the highest roof surface exceeds 30'. The required width of an aerial apparatus road shall be 26' minimum and constructed as noted in note #2 above. One or more of the aerial access routes meeting the building height condition shall be located not less than 15' and not greater than 30' from the building and shall be positioned parallel to one entire side of the building. Overhead utilities and power lines shall not be located over the aerial apparatus road.

Conditions for Consideration

COMMUNITY DEVELOPMENT

The applicant has filed a rezoning application and Conditional Use Permit application for the construction of a 41 unit townhome project. These applications are in conjunction with an annexation request of the subject properties. The applicant is also requesting the required 50' buffer (when property within the city limits abuts property in unincorporated Cherokee County) be reduced to 25'.

The original site plan had ingress/egress points located off of Butterworth Road and Knox Bridge Hwy. After the Community Input Meeting the site plan was changed to have the ingress/egress point off of Knox Bridge Hwy.

The applicant met with Councilors Waterman, McGrew and Tolan on September 19, 2024. The applicant that the townhomes would have 2 car garages, the unit size would be around 2,200 square feet and the units will contain three bedrooms. For amenities there will be a walking trail with picnic tables. The price point will be +\$500k. The units will be fee simple. The applicant also noted that one of the issues that was discussed during the Community Input Meeting was noise. PUBLIC SCHOOL POLICY STATEMENT

The Mayor and Council of the City of Canton hereby recognize that growth and development can, at times, have an effect on school capacity within the county and therefore recognize the need to share information on developments that have regional impact. In an effort to cooperate with the Cherokee County School Board and share information on residential rezoning requests, master plan applications, and land use modifications to the comprehensive land use plan, the Mayor and Council hereby encourage open dialogue and meeting between the applicant and the appropriate school board representative. Therefore, developers whose projects consist of 25 or more residential units shall contact the Cherokee County School Board and communicate with a school board representative to discuss their intent. The applicant should be prepared to address such communication if requested by the Mayor and Council at the meeting in which final action is to be taken. (Section 8-8-B-37) (Amended: 12/07/00)

Review Criteria

(Applications Type A – J : ONLY)

How will this proposal be compatible with surrounding properties? _____

(See Addendum "A-1")

How will this proposal affect the use and value of surrounding properties? _____

Can the property be developed for a reasonable economic use as currently zoned? Please explain why or why not.

What would be the increase to population and traffic if the proposal were approved? _____

What would be the impact to schools and utilities if the proposal were approved? _____

How is the proposal consistent with the Comprehensive Land Use Plan, particularly the Future Land Use Map?

Are there existing or changing conditions which affect the development of the property and support the proposed request? _____

Provide a Letter of Intent, which provides the necessary information to support your application.

ADDENDUM "A-1"

REVIEW CRITERIA

How will this proposal be compatible with surrounding properties?

Surrounding properties consist of several different types of uses and zoning classifications. These include half acre residential, acre residential, commercial, and PD-Mixed Use. Within the PD-Mixed Use there exists mixed uses and densities, including single family residential, townhomes, and institutional use as a daycare. The proposal is for residential which would be compatible with surrounding uses.

How will this proposal affect the use and value of surrounding properties?

The surrounding properties consist of a mix of older and newer structures, as well as a newly constructed convenience store, therefore as a newly residential community the proposal is expected to have a positive affect on the use and value of surrounding properties.

Can the property be developed for a reasonable economic use as currently zoned?

All properties have an economic use, but not all economic uses are reasonable. The property lies on a State Highway with two travel lanes in both directions. This road type has a negative impact on the one-acre residential requirement. That area of the property zoned general commercial and other commercial properties nearby have been available and vacant for many years indicating that the GC classification is not desirable and therefore not a reasonable economic use.

What would be the increase to population and traffic if the proposal were approved?

All residential properties development for the first time will add some increase to population and traffic, however, the subject property fronts a state highway with four lanes and has direct access to I-575 thereby relieving any impact on traffic. The proposal is for 41 townhomes which tend to be occupied by 1 or 2 people with a reasonable projection of an increase in population approximately 62 persons.

What would be the impact to schools and utilities if the proposal were approved?

With the expectation that townhomes would be occupied by 1 to 2 persons the impact would be an approximate increase of 30 to 40 children spread over 12 grades, kindergarten, and pre-kindergarten.

How is the proposal consistent with the Comprehensive Land Use Plan, particularly the Future Land Use Map?

The future land use plan shows this property located in the SDA Suburban Development character area. The RA-8 classification appears as a potential classification in this character area.

Are there existing or changing conditions which affect the development of the property and support the proposed request?

The area along Knox Bridge Hwy and its intersection with Butterworth Road has been evolving and growing since the development of River Green. Changes, improvements, and expansion of roadways have occurred. Also, an increase in the availability of different types of residential structures and new commercial growth.

Canton Board of Appeals Review Criteria

Article H, Section 8-8-H-195 empowers the Board of Appeals to authorize variances from provisions of the Zoning Code pursuant to a finding based in the criteria listed below. Please respond to the following.

(Applications Type K : ONLY)

Are there any extraordinary and exceptional conditions pertaining to the subject property because of its size, shape or topography? _____ See Addendum "A" _____

Would the application of the Zoning Code standards as they relate to the subject property create an unnecessary hardship? _____

Has the condition from which relief or variance is sought been a result from action by the applicant? _____

Are there conditions peculiar to the subject property? _____

Would relief, if granted, cause substantial detriment to the public good or impair the purpose and intent of the Zoning Code? Specifically, would the variance impair an adequate supply of light and air to adjacent property or unreasonably increase the congestion in public streets or increase the danger of fire or imperil the public safety or unreasonably diminish or impair established property values within the surrounding areas, or in any other respect impair the health, safety, comfort, morals or general welfare or the inhabitants or the City? _____

Provide a Letter of Intent, which provides the necessary information to support your application for Variance.

ADDENDUM "A"

CANTON BOARD OF APPEALS REVIEW CRITERIA

Are there any extraordinary and exceptional conditions pertaining to the subject property because of its size, shape, or topography?

Yes. The property size is limited to 6.018 acres causing the property's use to be negatively affected by the requirement and placement of buffers along the boundaries. Of the total acreage of 6.018 acres, 0.5526 rectangle tract fronting on the easterly right of way of Butterworth Road is unusable because of the required 50-foot buffer along boundaries with properties located in the county. Because of the un-usability of the rectangle tract, only 4.4654 acres remain usable or 11 percent of the overall property. Additionally, the eastern boundary of the property is affected by a draw affecting the topography. Because of these limitations, the Applicant is requesting a reduction in the required 50-foot buffer along the eastern boundary to 25 feet.

Would the application of the Zoning Code standards as they relate to the subject property create an unnecessary hardship?

Yes, as indicated above, the application and requirement of a 50-foot buffer along boundaries with properties in the county creates an unnecessary hardship for the Applicant due to the loss of usable property.

Has the condition from which relief or variance is sought been a result from action by the applicant?

No. A review of the chain of title for the subject property reveals that its size, shape and topography have remained unchanged for many years through many owners. The applicant has taken no action with reference to changes in the property as it exists.

Are these conditions peculiar to the subject property?

Yes. Most if not all properties are unique in character and condition. While some properties may have some of the same negatives as the subject property, it appears that no other property in the area has the obstacles described in this review affecting them.

Would relief, if granted, cause substantial detriment to the public good or impair the purpose and intent of the Zoning Code? Specifically, would the variance impair an adequate supply of light and air to adjacent property or unreasonably increase the congestion in public streets or increase the danger of fire or imperil the public safety or unreasonably diminish or impair established property values within the surrounding areas, or in any other respect impair the health, safety, comfort, morals, or general welfare of the inhabitants or the City?

No. Buffers are designed to create some unused areas between properties. The property, with is located in the county, was developed without any buffer. The requirement of a buffer by

Addendum "A"
Pg 2.

the City, even at a reduced footage would create a benefit to the adjoining property and have no effect on the public good.

RE: Applicant: Equity Land Partners, LLC
Letter of Intent

Greetings:

The Applicant, Equity Land Partners, LLC, has 6.0108 acres located in the Southeasterly corner of Georgia Hwy 20 (Knox Bridge Hwy) and Butterworth Road. The property is currently split zoned with general commercial (GC) along the frontage of Georgia Hwy 20 and one acre residential (R-40) on the balance of the property. The Applicant is seeking annexation into the City of Canton and applying for a city zoning classification of RA-8 for 41 townhomes, additionally the applicant is asking for a variance on the East boundary which would be for a reduction of the required 50-foot buffer to 25 feet. Except for the bounding property on the North which lies within the city limits of Canton, the balance of the bounding property lies within Cherokee County.

The adjacent zoning classification consist of PD-Mixed Use (City) lying on the North, GC and One acre and one-half acre residential (R-40 and R-20 in the county) on the East, One acre and one half acre residential (R-40 and R-20 in the county), and General Commercial and one acre residential (GC and R-40 in the county). Other zoning classifications nearby and within the City Limits of Canton include R-4 residential, R-10 residential, and RM-15 multi-family residential.

The subject property lies within the agreed upon growth boundary area with Cherokee County. The property also lies within the City of Canton service area. The neighborhood will have all utilities available to it, including water and sewer service provided through the City of Canton public works.

The Applicant has chosen not to have access to the community from Butterworth Road in an effort to discourage additional vehicles from Butterworth Road and its intersection with Georgia Hwy 20. The access for the neighborhood will be on Georgia Hwy 20, which is a full access four lane state highway along the frontage of the subject property. Placement of the only access on Georgia Hwy 20 should encourage vehicle usage on Georgia Hwy 20 from Marietta Highway (Georgia Hwy 5) with direct access to I-575.

404-273-9757
ebchamberslaw@gmail.com

The Applicant believes that this neighborhood will incorporate aspects of the Road Map for Success adopted by the City and will provide additional and alternative types of residential units for this area of the City. The neighborhood will improve infrastructure for future demands, create a diverse and great community. The design and layout provide for open area and buffers which will sustain the natural environment of the area.

On behalf of the Applicant thank you for taking your time for consideration of the neighborhood and project for zoning, annexation and variance.

Yours truly,

E. Benson Chambers
Attorney for the Applicant

WARRANTY DEED**

STATE OF GEORGIA
COUNTY OF CHEROKEE

FILE #: 191823

THIS INDENTURE made this 28th day of August, 2019, between Billy Joe Kennemur and Paul W. Kennemur, of the County of Cherokee, State of Canton, GA, as party or parties of the first part, hereinafter called Grantor, and Butterworth Investments 2 LLC, as party or parties of the second part, hereinafter called Grantee (the words "Grantor" and "Grantee" to include their respective heirs, successors and assigns where the context requires or permits).

WITNESSETH that, Grantor, for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) and other good and valuable considerations in hand paid, at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does grant, bargain, sell, alien, convey and confirm unto the said Grantee.

All that tract or parcel of land lying and being in Land Lot 91 of the 14th District, 2nd Section, Cherokee County, Georgia, being 4.483 acres of land as per plat of survey for Paul W. Kennemur and Billy Joe Kennemur dated January 27, 1998, prepared by Ted S. Chadwick Georgia RLS and recorded in Plat Book 55, Page 183, Cherokee County, Georgia Records, said plat being incorporated herein by reference thereto.

This Deed is given subject to all easements and restrictions of record.

TO HAVE AND TO HOLD the said tract or parcel of land, together with all and singular the rights, members and appurtenances thereof, to the same being, belonging or in anywise appertaining, to the only proper use, benefit and behoof of the said Grantee, forever in **FEE SIMPLE**.

AND THE SAID party of the first part, for its heirs, executors and administrators, will warrant and forever defend the right and title to the above described property, unto the said party of the second part, its heirs, successors and/or assigns, against the claims of all persons owning, holding or claiming by, through or under the said party of the first part.

IN WITNESS WHEREOF, Grantor has hereunto set grantor's hand and seal this day and year first above written.

City of Canton Map

IN RE: EQUITY LAND PARTNERS, LLC

NOTICE OF CONSTITUTIONAL CHALLENGE

-1-

In accordance with the instructions attached to the zoning application, and in order to protect our rights for using our property at the highest and best use, and in a constitutional manner, we therefore submit that we have a constitutional issue to present in this case.

-2-

The classification of the subject property within the GC & R-40 Zoning Classification within which the owners proposed use is prohibited as not being a permitted use by the City of Canton Zoning Ordinances is unconstitutional, null and void in that such restriction effectively prohibits the owners to a use which is unreasonable and uneconomically suited; and, is thereby the equivalent of a substantial destruction of valuable rights of the owners without payment of just and adequate compensation in violation of the Compensation Clause of the 5th Amendment to the United States Constitution, Article 1, Section 3, Paragraph 1 of the Constitution of the State of Georgia, 1983, and the provisions of O.C.G.A. § 22-1-5.

-3-

A refusal by the City of Canton to rezone our property as requested so as to permit a reasonable economic return on investment and a highest and best use or reasonable use of the property, would therefore be unconstitutional null and void and that this refusal is arbitrary capricious without a rational basis and thus constitutes an abuse of discretion which would affect the restricted property to a use to which it is unsuited. This action by the governing authority would effectually prohibit the owners from using their property for a use which is best suited and would constitute a taking of the owner's property in violation of Article I, Section I, Paragraph I of the Constitution of the State of Georgia 1983, and the due process clause of the 14th Amendment to the Constitution of the United States.

-4-

Please be advised that the continued application of the GC & R-40 zoning classification to the owner's property results in little or no gain to the public in general and fails to promote the health, safety or morals of general welfare of the public and further does not bear fair and substantial relation to the objectives of the zoning ordinance, and would constitute a substantial construction of the property value of owners, and is confiscatory and void.

Respectfully submitted on behalf of Applicant

E. BENSON CHAMBERS

Attorney for Equity Land Partners, LLC.

Cherokee County, GA

Review Criteria

(Applications Type A – J : ONLY)

How will this proposal be compatible with surrounding properties? _____

(See Addendum "A-1")

How will this proposal affect the use and value of surrounding properties? _____

Can the property be developed for a reasonable economic use as currently zoned? Please explain why or why not.

What would be the increase to population and traffic if the proposal were approved? _____

What would be the impact to schools and utilities if the proposal were approved? _____

How is the proposal consistent with the Comprehensive Land Use Plan, particularly the Future Land Use Map?

Are there existing or changing conditions which affect the development of the property and support the proposed request? _____

Provide a Letter of Intent, which provides the necessary information to support your application.

ADDENDUM "A-1"

REVIEW CRITERIA

How will this proposal be compatible with surrounding properties?

Surrounding properties consist of several different types of uses and zoning classifications. These include half acre residential, acre residential, commercial, and PD-Mixed Use. Within the PD-Mixed Use there exists mixed uses and densities, including single family residential, townhomes, and institutional use as a daycare. The proposal is for residential which would be compatible with surrounding uses.

How will this proposal affect the use and value of surrounding properties?

The surrounding properties consist of a mix of older and newer structures, as well as a newly constructed convenience store, therefore as a newly residential community the proposal is expected to have a positive affect on the use and value of surrounding properties.

Can the property be developed for a reasonable economic use as currently zoned?

All properties have an economic use, but not all economic uses are reasonable. The property lies on a State Highway with two travel lanes in both directions. This road type has a negative impact on the one-acre residential requirement. That area of the property zoned general commercial and other commercial properties nearby have been available and vacant for many years indicating that the GC classification is not desirable and therefore not a reasonable economic use.

What would be the increase to population and traffic if the proposal were approved?

All residential properties development for the first time will add some increase to population and traffic, however, the subject property fronts a state highway with four lanes and has direct access to I-575 thereby relieving any impact on traffic. The proposal is for 41 townhomes which tend to be occupied by 1 or 2 people with a reasonable projection of an increase in population approximately 62 persons.

What would be the impact to schools and utilities if the proposal were approved?

With the expectation that townhomes would be occupied by 1 to 2 persons the impact would be an approximate increase of 30 to 40 children spread over 12 grades, kindergarten, and pre-kindergarten.

How is the proposal consistent with the Comprehensive Land Use Plan, particularly the Future Land Use Map?

The future land use plan shows this property located in the SDA Suburban Development character area. The RA-8 classification appears as a potential classification in this character area.

Are there existing or changing conditions which affect the development of the property and support the proposed request?

The area along Knox Bridge Hwy and its intersection with Butterworth Road has been evolving and growing since the development of River Green. Changes, improvements, and expansion of roadways have occurred. Also, an increase in the availability of different types of residential structures and new commercial growth.

Canton Board of Appeals Review Criteria

Article H, Section 8-8-H-195 empowers the Board of Appeals to authorize variances from provisions of the Zoning Code pursuant to a finding based in the criteria listed below. Please respond to the following.

(Applications Type K : ONLY)

Are there any extraordinary and exceptional conditions pertaining to the subject property because of its size, shape or topography? _____ See Addendum "A" _____

Would the application of the Zoning Code standards as they relate to the subject property create an unnecessary hardship? _____

Has the condition from which relief or variance is sought been a result from action by the applicant? _____

Are there conditions peculiar to the subject property? _____

Would relief, if granted, cause substantial detriment to the public good or impair the purpose and intent of the Zoning Code? Specifically, would the variance impair an adequate supply of light and air to adjacent property or unreasonably increase the congestion in public streets or increase the danger of fire or imperil the public safety or unreasonably diminish or impair established property values within the surrounding areas, or in any other respect impair the health, safety, comfort, morals or general welfare or the inhabitants or the City? _____

Provide a Letter of Intent, which provides the necessary information to support your application for Variance.

ADDENDUM "A"

CANTON BOARD OF APPEALS REVIEW CRITERIA

Are there any extraordinary and exceptional conditions pertaining to the subject property because of its size, shape, or topography?

Yes. The property size is limited to 6.018 acres causing the property's use to be negatively affected by the requirement and placement of buffers along the boundaries. Of the total acreage of 6.018 acres, 0.5526 rectangle tract fronting on the easterly right of way of Butterworth Road is unusable because of the required 50-foot buffer along boundaries with properties located in the county. Because of the un-usability of the rectangle tract, only 4.4654 acres remain usable or 11 percent of the overall property. Additionally, the eastern boundary of the property is affected by a draw affecting the topography. Because of these limitations, the Applicant is requesting a reduction in the required 50-foot buffer along the eastern boundary to 25 feet.

Would the application of the Zoning Code standards as they relate to the subject property create an unnecessary hardship?

Yes, as indicated above, the application and requirement of a 50-foot buffer along boundaries with properties in the county creates an unnecessary hardship for the Applicant due to the loss of usable property.

Has the condition from which relief or variance is sought been a result from action by the applicant?

No. A review of the chain of title for the subject property reveals that its size, shape and topography have remained unchanged for many years through many owners. The applicant has taken no action with reference to changes in the property as it exists.

Are these conditions peculiar to the subject property?

Yes. Most if not all properties are unique in character and condition. While some properties may have some of the same negatives as the subject property, it appears that no other property in the area has the obstacles described in this review affecting them.

Would relief, if granted, cause substantial detriment to the public good or impair the purpose and intent of the Zoning Code? Specifically, would the variance impair an adequate supply of light and air to adjacent property or unreasonably increase the congestion in public streets or increase the danger of fire or imperil the public safety or unreasonably diminish or impair established property values within the surrounding areas, or in any other respect impair the health, safety, comfort, morals, or general welfare of the inhabitants or the City?

No. Buffers are designed to create some unused areas between properties. The property, with is located in the county, was developed without any buffer. The requirement of a buffer by

Addendum "A"
Pg 2.

the City, even at a reduced footage would create a benefit to the adjoining property and have no effect on the public good.

RE: Applicant: Equity Land Partners, LLC
 Letter of Intent

Greetings:

The Applicant, Equity Land Partners, LLC, has 6.0108 acres located in the Southeasterly corner of Georgia Hwy 20 (Knox Bridge Hwy) and Butterworth Road. The property is currently split zoned with general commercial (GC) along the frontage of Georgia Hwy 20 and one acre residential (R-40) on the balance of the property. The Applicant is seeking annexation into the City of Canton and applying for a city zoning classification of RA-8 for 41 townhomes, additionally the applicant is asking for a variance on the East boundary which would be for a reduction of the required 50-foot buffer to 25 feet. Except for the bounding property on the North which lies within the city limits of Canton, the balance of the bounding property lies within Cherokee County.

The adjacent zoning classification consist of PD-Mixed Use (City) lying on the North, GC and One acre and one-half acre residential (R-40 and R-20 in the county) on the East, One acre and one half acre residential (R-40 and R-20 in the county), and General Commercial and one acre residential (GC and R-40 in the county). Other zoning classifications nearby and within the City Limits of Canton include R-4 residential, R-10 residential, and RM-15 multi-family residential.

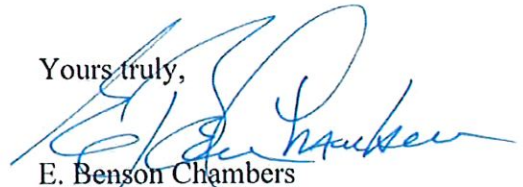

The subject property lies within the agreed upon growth boundary area with Cherokee County. The property also lies within the City of Canton service area. The neighborhood will have all utilities available to it, including water and sewer service provided through the City of Canton public works.

The Applicant has chosen not to have access to the community from Butterworth Road in an effort to discourage additional vehicles from Butterworth Road and its intersection with Georgia Hwy 20. The access for the neighborhood will be on Georgia Hwy 20, which is a full access four lane state highway along the frontage of the subject property. Placement of the only access on Georgia Hwy 20 should encourage vehicle usage on Georgia Hwy 20 from Marietta Highway (Georgia Hwy 5) with direct access to I-575.

The Applicant believes that this neighborhood will incorporate aspects of the Road Map for Success adopted by the City and will provide additional and alternative types of residential units for this area of the City. The neighborhood will improve infrastructure for future demands, create a diverse and great community. The design and layout provide for open area and buffers which will sustain the natural environment of the area.

On behalf of the Applicant thank you for taking your time for consideration of the neighborhood and project for zoning, annexation and variance.

Yours truly,

E. Benson Chambers
Attorney for the Applicant
Equity Land Partners, LLC

WARRANTY DEED

STATE OF GEORGIA
COUNTY OF CHEROKEE

FILE #: 191823

THIS INDENTURE made this 28th day of August, 2019, between Billy Joe Kennemur and Paul W. Kennemur, of the County of Cherokee, State of Canton, GA, as party or parties of the first part, hereinafter called Grantor, and Butterworth Investments 2, LLC, as party or parties of the second part, hereinafter called Grantee (the words "Grantor" and "Grantee" to include their respective heirs, successors and assigns where the context requires or permits).

WITNESSETH that: Grantor, for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) and other good and valuable considerations in hand paid, at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does grant, bargain, sell, alien, convey and confirm unto the said Grantee.

All that tract or parcel of land lying and being in Land Lot 91 of the 14th District, 2nd Section, Cherokee County, Georgia, being 4.483 acres of land as per plat of survey for Paul W. Kennemur and Billy Joe Kennemur dated January 27, 1998, prepared by Ted S. Chadwick Georgia RLS and recorded in Plat Book 55, Page 183, Cherokee County, Georgia Records, said plat being incorporated herein by reference thereto.

This Deed is given subject to all easements and restrictions of record.

TO HAVE AND TO HOLD the said tract or parcel of land, together with all and singular the rights, members and appurtenances thereof, to the same being, belonging or in anywise appertaining, to the only proper use, benefit and behoof of the said Grantee, forever in FEE SIMPLE.

AND THE SAID party of the first part, for its heirs, executors and administrators, will warrant and forever defend the right and title to the above described property, unto the said party of the second part, its heirs, successors and/or assigns, against the claims of all persons owning, holding or claiming by, through or under the said party of the first part.

IN WITNESS WHEREOF, Grantor has hereunto set grantor's hand and seal this day and year first above written.

Notes

IN RE: EQUITY LAND PARTNERS, LLC

NOTICE OF CONSTITUTIONAL CHALLENGE

-1-

In accordance with the instructions attached to the zoning application, and in order to protect our rights for using our property at the highest and best use, and in a constitutional manner, we therefore submit that we have a constitutional issue to present in this case.

-2-

The classification of the subject property within the GC & R-40 Zoning Classification within which the owners proposed use is prohibited as not being a permitted use by the City of Canton Zoning Ordinances is unconstitutional, null and void in that such restriction effectively prohibits the owners to a use which is unreasonable and uneconomically suited; and, is thereby the equivalent of a substantial destruction of valuable rights of the owners without payment of just and adequate compensation in violation of the Compensation Clause of the 5th Amendment to the United States Constitution, Article 1, Section 3, Paragraph 1 of the Constitution of the State of Georgia, 1983, and the provisions of O.C.G.A. § 22-1-5.

-3-

A refusal by the City of Canton to rezone our property as requested so as to permit a reasonable economic return on investment and a highest and best use or reasonable use of the property, would therefore be unconstitutional null and void and that this refusal is arbitrary capricious without a rational basis and thus constitutes an abuse of discretion which would affect the restricted property to a use to which it is unsuited. This action by the governing authority would effectually prohibit the owners from using their property for a use which is best suited and would constitute a taking of the owner's property in violation of Article I, Section I, Paragraph I of the Constitution of the State of Georgia 1983, and the due process clause of the 14th Amendment to the Constitution of the United States.

-4-

Please be advised that the continued application of the GC & R-40 zoning classification to the owner's property results in little or no gain to the public in general and fails to promote the health, safety or morals of general welfare of the public and further does not bear fair and substantial relation to the objectives of the zoning ordinance, and would constitute a substantial construction of the property value of owners, and is confiscatory and void.

Respectfully submitted on behalf of Applicant

E. BENSON CHAMBERS
Attorney for Equity Land Partners, LLC.

Review Criteria

(Applications Type A – J : ONLY)

How will this proposal be compatible with surrounding properties? _____

(See Addendum "A-1"

How will this proposal affect the use and value of surrounding properties? _____

Can the property be developed for a reasonable economic use as currently zoned? Please explain why or why not.

What would be the increase to population and traffic if the proposal were approved? _____

What would be the impact to schools and utilities if the proposal were approved? _____

How is the proposal consistent with the Comprehensive Land Use Plan, particularly the Future Land Use Map?

Are there existing or changing conditions which affect the development of the property and support the proposed request? _____

Provide a Letter of Intent, which provides the necessary information to support your application.

ADDENDUM "A-1"

REVIEW CRITERIA

How will this proposal be compatible with surrounding properties?

Surrounding properties consist of several different types of uses and zoning classifications. These include half acre residential, acre residential, commercial, and PD-Mixed Use. Within the PD-Mixed Use there exists mixed uses and densities, including single family residential, townhomes, and institutional use as a daycare. The proposal is for residential which would be compatible with surrounding uses.

How will this proposal affect the use and value of surrounding properties?

The surrounding properties consist of a mix of older and newer structures, as well as a newly constructed convenience store, therefore as a newly residential community the proposal is expected to have a positive affect on the use and value of surrounding properties.

Can the property be developed for a reasonable economic use as currently zoned?

All properties have an economic use, but not all economic uses are reasonable. The property lies on a State Highway with two travel lanes in both directions. This road type has a negative impact on the one-acre residential requirement. That area of the property zoned general commercial and other commercial properties nearby have been available and vacant for many years indicating that the GC classification is not desirable and therefore not a reasonable economic use.

What would be the increase to population and traffic if the proposal were approved?

All residential properties development for the first time will add some increase to population and traffic, however, the subject property fronts a state highway with four lanes and has direct access to I-575 thereby relieving any impact on traffic. The proposal is for 41 townhomes which tend to be occupied by 1 or 2 people with a reasonable projection of an increase in population approximately 62 persons.

What would be the impact to schools and utilities if the proposal were approved?

With the expectation that townhomes would be occupied by 1 to 2 persons the impact would be an approximate increase of 30 to 40 children spread over 12 grades, kindergarten, and pre-kindergarten.

How is the proposal consistent with the Comprehensive Land Use Plan, particularly the Future Land Use Map?

The future land use plan shows this property located in the SDA Suburban Development character area. The RA-8 classification appears as a potential classification in this character area.

Are there existing or changing conditions which affect the development of the property and support the proposed request?

The area along Knox Bridge Hwy and its intersection with Butterworth Road has been evolving and growing since the development of River Green. Changes, improvements, and expansion of roadways have occurred. Also, an increase in the availability of different types of residential structures and new commercial growth.

Community Development Department
110 Academy Street, Canton, Georgia 30114
770-704-1500

Canton Board of Appeals Review Criteria

Article H, Section 8-8-H-195 empowers the Board of Appeals to authorize variances from provisions of the Zoning Code pursuant to a finding based in the criteria listed below. Please respond to the following.

(Applications Type K : ONLY)

Are there any extraordinary and exceptional conditions pertaining to the subject property because of its size, shape or topography? See Addendum "A"

Would the application of the Zoning Code standards as they relate to the subject property create an unnecessary hardship? _____

Has the condition from which relief or variance is sought been a result from action by the applicant? _____

Are there conditions peculiar to the subject property? _____

Would relief, if granted, cause substantial detriment to the public good or impair the purpose and intent of the Zoning Code? Specifically, would the variance impair an adequate supply of light and air to adjacent property or unreasonably increase the congestion in public streets or increase the danger of fire or imperil the public safety or unreasonably diminish or impair established property values within the surrounding areas, or in any other respect impair the health, safety, comfort, morals or general welfare or the inhabitants or the City? _____

Provide a Letter of Intent, which provides the necessary information to support your application for Variance.

ADDENDUM "A"

CANTON BOARD OF APPEALS REVIEW CRITERIA

Are there any extraordinary and exceptional conditions pertaining to the subject property because of its size, shape, or topography?

Yes. The property size is limited to 6.018 acres causing the property's use to be negatively affected by the requirement and placement of buffers along the boundaries. Of the total acreage of 6.018 acres, 0.5526 rectangle tract fronting on the easterly right of way of Butterworth Road is unusable because of the required 50-foot buffer along boundaries with properties located in the county. Because of the un-usability of the rectangle tract, only 4.4654 acres remain usable or 11 percent of the overall property. Additionally, the eastern boundary of the property is affected by a draw affecting the topography. Because of these limitations, the Applicant is requesting a reduction in the required 50-foot buffer along the eastern boundary to 25 feet.

Would the application of the Zoning Code standards as they relate to the subject property create an unnecessary hardship?

Yes, as indicated above, the application and requirement of a 50-foot buffer along boundaries with properties in the county creates an unnecessary hardship for the Applicant due to the loss of usable property.

Has the condition from which relief or variance is sought been a result from action by the applicant?

No. A review of the chain of title for the subject property reveals that its size, shape and topography have remained unchanged for many years through many owners. The applicant has taken no action with reference to changes in the property as it exists.

Are these conditions peculiar to the subject property?

Yes. Most if not all properties are unique in character and condition. While some properties may have some of the same negatives as the subject property, it appears that no other property in the area has the obstacles described in this review affecting them.

Would relief, if granted, cause substantial detriment to the public good or impair the purpose and intent of the Zoning Code? Specifically, would the variance impair an adequate supply of light and air to adjacent property or unreasonably increase the congestion in public streets or increase the danger of fire or imperil the public safety or unreasonably diminish or impair established property values within the surrounding areas, or in any other respect impair the health, safety, comfort, morals, or general welfare of the inhabitants or the City?

No. Buffers are designed to create some unused areas between properties. The property, with is located in the county, was developed without any buffer. The requirement of a buffer by

Addendum "A"

Pg 2.

the City, even at a reduced footage would create a benefit to the adjoining property and have no effect on the public good.

LIMITED
WARRANTY DEED

STATE OF GEORGIA
COUNTY OF CHEROKEE

FILE #: 191823

THIS INDENTURE made this 28th day of August, 2019, between Billy Joe Kennemur and Paul W. Kennemur, of the County of Cherokee, State of Canton, GA, as party or parties of the first part, hereinafter called Grantor, and Butterworth Investments 2 LLC, as party or parties of the second part, hereinafter called Grantee (the words "Grantor" and "Grantee" to include their respective heirs, successors and assigns where the context requires or permits).

WITNESSETH that: Grantor, for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) and other good and valuable considerations in hand paid, at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does grant, bargain, sell, alien, convey and confirm unto the said Grantee.

All that tract or parcel of land lying and being in Land Lot 91 of the 14th District, 2nd Section, Cherokee County, Georgia, being 4.483 acres of land as per plat of survey for Paul W. Kennemur and Billy Joe Kennemur dated January 27, 1998, prepared by Ted S. Chadwick Georgia RLS and recorded in Plat Book 55, Page 183, Cherokee County, Georgia Records, said plat being incorporated herein by reference thereto.

This Deed is given subject to all easements and restrictions of record.

TO HAVE AND TO HOLD the said tract or parcel of land, together with all and singular the rights, members and appurtenances thereof, to the same being, belonging or in anywise appertaining, to the only proper use, benefit and behoof of the said Grantee, forever in FEE SIMPLE.

AND THE SAID party of the first part, for its heirs, executors and administrators, will warrant and forever defend the right and title to the above described property, unto the said party of the second part, its heirs, successors and/or assigns, against the claims of all persons owning, holding or claiming by, through or under the said party of the first part.

IN WITNESS WHEREOF, Grantor has hereunto set grantor's hand and seal this day and year first above written.

EXECUTOR'S DEED

THIS INDENTURE, made this 15th day of AUGUST in the year of our Lord Two Thousand Nineteen (2019), between **DAVID W. MILLHOF, EXECUTOR OF THE LAST WILL AND TESTAMENT OF WILLIE MAE JOHNSON**, late of the State of Georgia, and County of **CHEROKEE**, deceased, of the First Part (hereinafter called "Grantor") and **BUTTERWORTH INVESTMENTS 2, LLC**, of the State of Georgia and County of **CHEROKEE**, of the Second Part (hereinafter called "Grantee"); the words "Grantor" and "Grantee" to include their respective heirs, successors and assigns where the context requires or permits:

WITNESSETH: That the said Grantor (acting under and by virtue of the power and authority contained in the said Will, the same having been duly probated and recorded in the Court of Probate of **CHEROKEE** County, Georgia, and all debts, including all Federal and State Estate taxes, having been paid in full), for and in consideration of the sum of \$10.00 DOLLARS and other good and valuable considerations, in hand paid, at and before the sealing and delivery of these presents (receipt of which is hereby acknowledged), has granted, bargained, sold and conveyed, and by these presents does grant, bargain, sell and convey unto the said Grantee,

SEE EXHIBIT "A" ATTACHED HERETO AND INCORPORATED HEREIN BY REFERENCE.

SUBJECT TO ALL EASEMENTS AND RESTRICTIONS OF RECORD.

TO HAVE AND TO HOLD the said tract or parcel of land, with all and singular the rights, members and appurtenances thereof, to the same being, belonging, or in anywise appertaining, to the only proper use, benefit and behoof of the said Grantee forever, IN FEE SIMPLE; in as full and ample a manner as the same was held, possessed and enjoyed, by the said deceased.

EXHIBIT "A"

All those tracts or parcels of land lying and being in the 14th District, 2nd Section of Cherokee County, Georgia, and being a part of original Land Lot No. 91, and being Lot No. 25 of the Johnnie Sims property according to plat recorded in Plat Book 1, Page 111, to which reference is made.

BEGINNING at a Marble Monument located 201 feet South 37 $\frac{1}{4}$ degrees West from a Marble Monument located on the South side of Georgia Highway 20; thence South 81 $\frac{1}{2}$ degrees East for 260.8 feet to a Marble Monument; thence South 36 $\frac{1}{2}$ degrees West for 369 feet to a Marble Monument; thence North 6 $\frac{1}{2}$ degrees West for 338 feet to the Marble Monument at the beginning point.

There is also conveyed herein a right of way for a drive-way across Lot No. 19 of said subdivision; said right of way being described as follows: BEGINNING at an iron pin located 180 feet South 6 $\frac{1}{2}$ degrees East of the Marble Monument described as the beginning point above; thence South 8 feet to an iron pin; thence West along the South line of Lot No. 19 of said Subdivision for 200 feet to the East side of the Sims Butterworth Road; thence North along the East side of said Road for 8 feet; thence East for 200 feet to the iron pin at the beginning point, being a road 8 feet wide and 200 feet long running from Lot No. 25 to the Sims Butterworth Road through Lot No. 19 on the South side of said lot.

This being the same property deeded Odell and Sadie Thompson by D. J. McCurley, Sr. by Deed recorded in Deed Book 41, Page 344 Cherokee County Deed Records. Further reference is hereby made by Deed from Odell and Sadie Thompson to C. C. Ray, as recorded in Deed Book 55, page 425. This also being the same property set aside as a Twelve Months Support for Benalee Ray, widow of Charlie C. Ray late of said County, deceased, as Recorded in the Cherokee County Ordinary's Office, Year's Support Book C, page 90. This also being the same property deeded Mr. and Mrs. Jess William Johnson, Jr. and recorded in Deed Record Book 81, page 422, Cherokee County Deed Records. This also being the same property deeded by Jess William Johnson, Jr. to Willie Mae Johnson, dated July 12, 1983, recorded August 2, 1983 at Deed Book 361, page 150 Cherokee County Deed Records.

WARRANTY DEED

This Indenture, made this 30th day of May, 2018, by and between Taylor Eugene Weaver, of the State of Georgia, County of Cherokee hereinafter "Grantor" and BUTTERWORTH INVESTMENTS, LLC, A GEORGIA LIMITED LIABILITY COMPANY, hereinafter "Grantee", (the words "Grantor" and "Grantee" to include their respective heirs, successors and assigns where the context requires or permits);

WITNESSETH that: Grantor, for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) and other good and valuable consideration in hand paid at and before the sealing and delivery of these presents, the receipt of which is hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does grant, sell, alien, convey and confirm unto the said Grantee all of his right, title and interest in and to the following tract or parcel of land:

ALL THAT TRACT OR PARCEL of land lying and being in the subdivision of the Johnny Sims property as shown by plat of survey by Lat Ridgeway, R.S. on January 16, 1954, and recorded in Plat Book 1, Page 111, Clerk's Office, Superior Court of Cherokee County, Georgia, the same being located in original Lot of Land No. 91, of the 14th Land District, and 2nd Section of Cherokee County, Georgia, and being Lot No. 20 more particularly described as follows: Lying on the East side of the Sims-Butterworth Road, beginning at the northwest corner of Lot No. 20, thence running in an Easterly direction 231 feet to the Northeast corner of said Lot; thence South 6 degrees East 100 feet to the Southeast corner of said Lot; thence in a Westerly direction 210.4 feet to the Southwest corner of said Lot located on the East side of said Sims-Butterworth Road, thence in a northerly direction along the East side road 120 feet to point of beginning.

Subject to all mortgages, easements, covenants and restrictions of record.

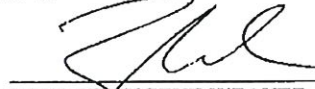

TO HAVE AND TO HOLD the said tract or parcel of land, with all and singular the rights, members and appurtenances thereof, to the same being, belonging, or in anywise appertaining, to the only proper benefit and behoof of the Grantee forever in FEE SIMPLE.

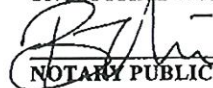

AND THE SAID Grantor will warrant and forever defend the right and title to the above-described property unto the said Grantee against the claims of all persons whomsoever.

IN WITNESS WHEREOF, Grantor has hereunto set Grantor's hand and seal this day and year first above written.

RE: Applicant: Equity Land Partners, LLC
Letter of Intent

Greetings:

The Applicant, Equity Land Partners, LLC, has 6.0108 acres located in the Southeasterly corner of Georgia Hwy 20 (Knox Bridge Hwy) and Butterworth Road. The property is currently split zoned with general commercial (GC) along the frontage of Georgia Hwy 20 and one acre residential (R-40) on the balance of the property. The Applicant is seeking annexation into the City of Canton and applying for a city zoning classification of RA-8 for 41 townhomes, additionally the applicant is asking for a variance on the East boundary which would be for a reduction of the required 50-foot buffer to 25 feet. Except for the bounding property on the North which lies within the city limits of Canton, the balance of the bounding property lies within Cherokee County.

The adjacent zoning classification consist of PD-Mixed Use (City) lying on the North, GC and One acre and one-half acre residential (R-40 and R-20 in the county) on the East, One acre and one half acre residential (R-40 and R-20 in the county), and General Commercial and one acre residential (GC and R-40 in the county). Other zoning classifications nearby and within the City Limits of Canton include R-4 residential, R-10 residential, and RM-15 multi-family residential.

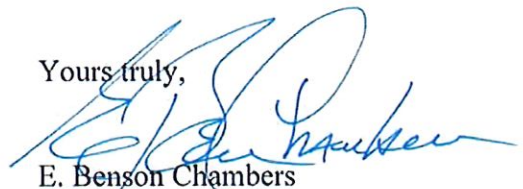

The subject property lies within the agreed upon growth boundary area with Cherokee County. The property also lies within the City of Canton service area. The neighborhood will have all utilities available to it, including water and sewer service provided through the City of Canton public works.

The Applicant has chosen not to have access to the community from Butterworth Road in an effort to discourage additional vehicles from Butterworth Road and its intersection with Georgia Hwy 20. The access for the neighborhood will be on Georgia Hwy 20, which is a full access four lane state highway along the frontage of the subject property. Placement of the only access on Georgia Hwy 20 should encourage vehicle usage on Georgia Hwy 20 from Marietta Highway (Georgia Hwy 5) with direct access to I-575.

The Applicant believes that this neighborhood will incorporate aspects of the Road Map for Success adopted by the City and will provide additional and alternative types of residential units for this area of the City. The neighborhood will improve infrastructure for future demands, create a diverse and great community. The design and layout provide for open area and buffers which will sustain the natural environment of the area.

On behalf of the Applicant thank you for taking your time for consideration of the neighborhood and project for zoning, annexation and variance.

Yours truly,

E. Benson Chambers
Attorney for the Applicant

IN RE: EQUITY LAND PARTNERS, LLC

NOTICE OF CONSTITUTIONAL CHALLENGE

-1-

In accordance with the instructions attached to the zoning application, and in order to protect our rights for using our property at the highest and best use, and in a constitutional manner, we therefore submit that we have a constitutional issue to present in this case.

-2-

The classification of the subject property within the GC & R-40 Zoning Classification within which the owners proposed use is prohibited as not being a permitted use by the City of Canton Zoning Ordinances is unconstitutional, null and void in that such restriction effectively prohibits the owners to a use which is unreasonable and uneconomically suited; and, is thereby the equivalent of a substantial destruction of valuable rights of the owners without payment of just and adequate compensation in violation of the Compensation Clause of the 5th Amendment to the United States Constitution, Article 1, Section 3, Paragraph 1 of the Constitution of the State of Georgia, 1983, and the provisions of O.C.G.A. § 22-1-5.

-3-

A refusal by the City of Canton to rezone our property as requested so as to permit a reasonable economic return on investment and a highest and best use or reasonable use of the property, would therefore be unconstitutional null and void and that this refusal is arbitrary capricious without a rational basis and thus constitutes an abuse of discretion which would affect the restricted property to a use to which it is unsuited. This action by the governing authority would effectually prohibit the owners from using their property for a use which is best suited and would constitute a taking of the owner's property in violation of Article I, Section I, Paragraph I of the Constitution of the State of Georgia 1983, and the due process clause of the 14th Amendment to the Constitution of the United States.

-4-

Please be advised that the continued application of the GC & R-40 zoning classification to the owner's property results in little or no gain to the public in general and fails to promote the health, safety or morals of general welfare of the public and further does not bear fair and substantial relation to the objectives of the zoning ordinance, and would constitute a substantial construction of the property value of owners, and is confiscatory and void.

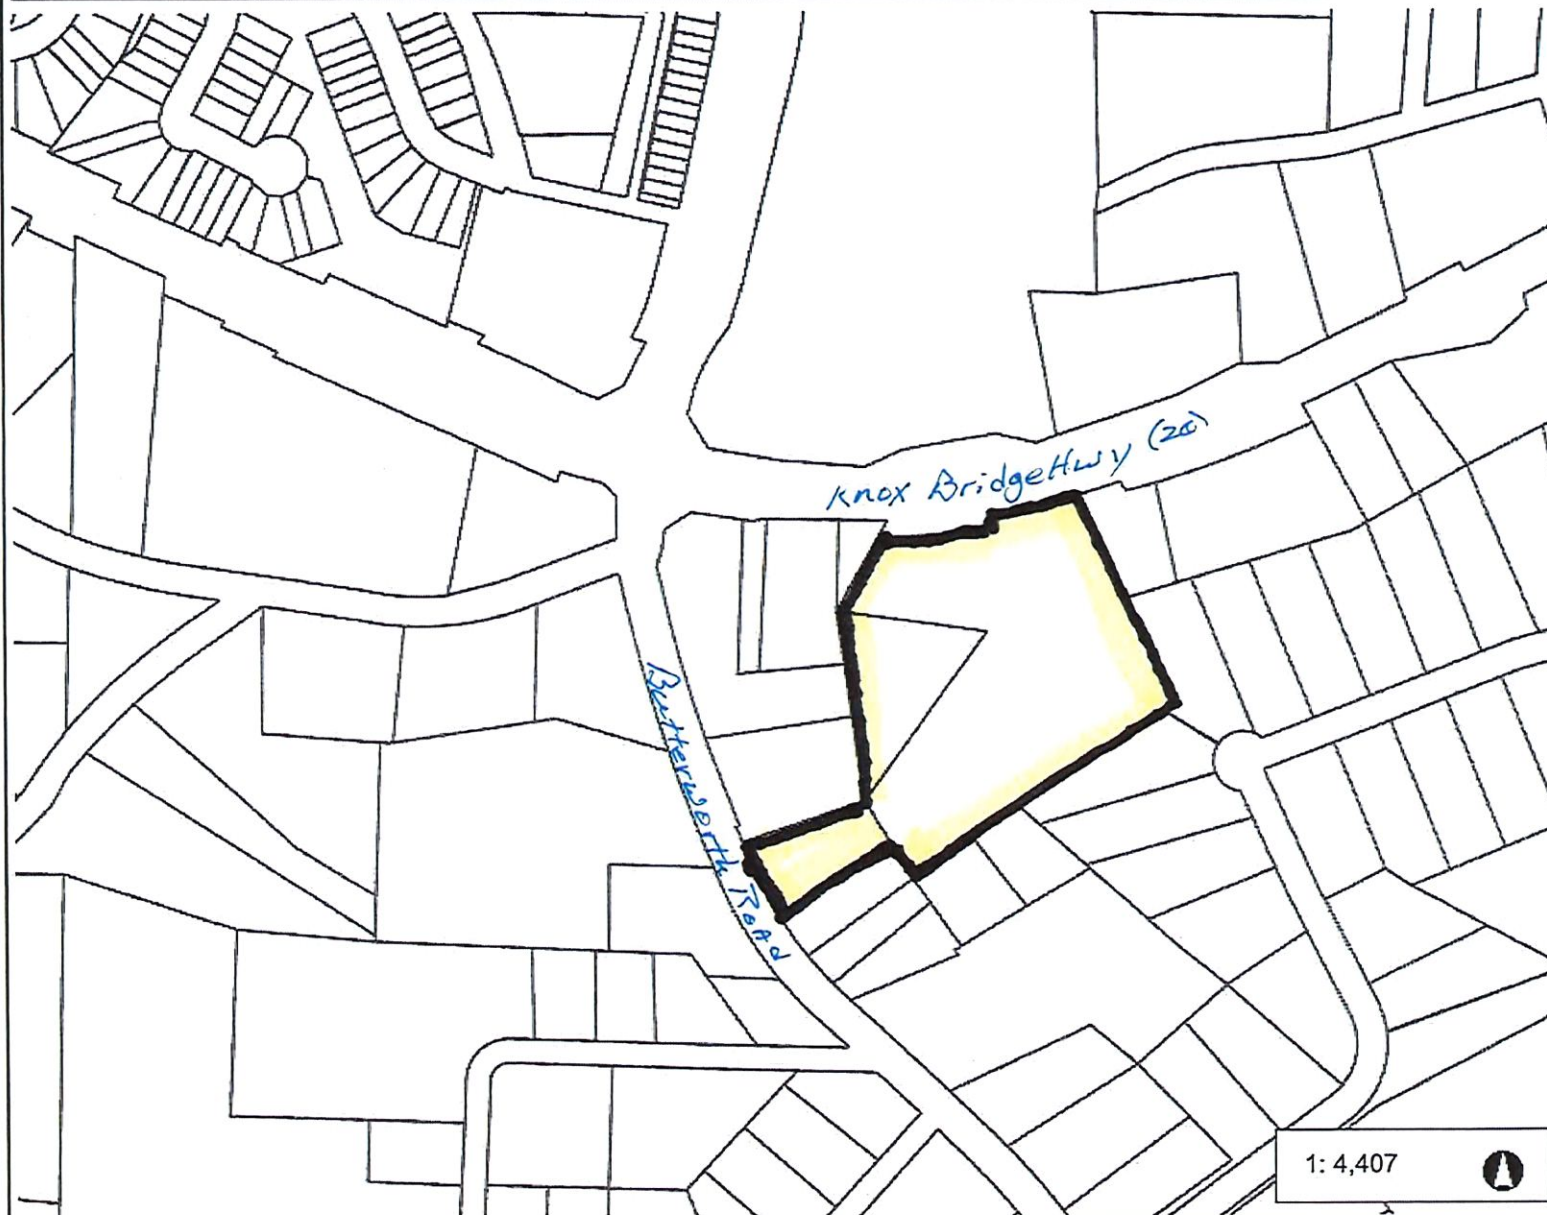

Respectfully submitted on behalf of Applicant

RE: Equity Land Partners, LLC
Public Input Meeting Report

Mayor and Council:

The Public Input Meeting for the application of Equity Land Partners was held last night, June 12th, 2024, at the R.T. Jones Memorial Library. The official start time of the meeting was 6:30 p.m., with attendees arriving as early as 6:00 p.m. and continuing until 7:15 p.m. There were 17 attendees including one couple from outside the notice area plus myself and 2 members of the Applicant for a total of 20 in attendance. Copies of the meeting sign-in-sheet are provided with this report. Based upon the sign-in-sheets it appears that most attendees were from the Serenoa Subdivision and surrounding area of Butterworth Road. At the meeting attendees had an opportunity to view an enlarged color version of the site plan, an example of possible housing elevation, a copy of the City of Canton Zoning Map, a copy of the City of Canton Future Character Area Map and a copy of the application was available for review. Information was provided about the project, including number of units, buffers, green space, access from State Hwy 20, and overall design and layout. Information was provided about the annexation, rezone, and conditional use permit processes.

Feedback from the attendees included concerns about the current traffic on Butterworth Road, which was the major topic of discussion. At the meeting it was learned from one of the attendees that GDOT plans to construct a roundabout at the intersection of Hwy 20, Butterworth Road, and River Green Avenue which will address the expressed concerns. Additionally, there were questions and concerns including infrastructure, such as water pressure, provision of electricity, possible road improvements and the access availability for emergency and police services.

On behalf of Equity Land Partners, LLC thank you for your consideration of this information.

Yours sincerely,

E. Benson Chambers
Attorney for Applicant
