Agenda Item Title:

Discussion and Possible Action on Hospital Drive/Medical Lane Sanitary Improvements to KAM Contracting in the amount of \$120,422.00

Summary:

During the construction of the new residential development known as Accent Overlook, the City became aware of issues with the existing sewer. Due to the depth of the existing sewer line that would need replacement, City Staff has worked with the contractors and owners of Accent Overlook to reroute the sewer that will require 300 LF of new 8" DIP/PVC sewer line and 2 additional manholes. City Staff has determined that this work will be significantly less expensive than replacing the existing sewer. City Staff received 3 estimates/quotes for this project with KAM Contracting being the low bidder. Staff would ask for action at the Oct 3 meeting due to the timeline of the Accent Canton opening needs.
