Agenda Item Title:

Review and Discussion of Lee Street in Downtown Canton

Summary:

Cherokee County has approached the City to make Lee Street a one-way street. The County is proposing extensive surface parking area improvements to that area North of the businesses there along North Street. In doing this, Lee Street may serve the public more effeciently, as a one-way entrance to that parking area; relying on Church Street to be a two way access to the parking. The City will continue to work with the County to iron out details of this change, and bring back a recommendation to Council at the June 18th meeting. Costs of this change to be paid by the County as part of their surface parking project.
