Agenda Item Title:

Update and Discussion on the Public Safety Building Roof Replacement Project

Summary:

On April 1, the City issued an RFP for Contractor Services to replace the Public Safety Building's roof. City staff, along with a representative from CROFT (assisting the City with the RFP and managing the project), conducted a mandatory pre-bid meeting on April 15, 2026. At this meeting, the City hosted (16) sixteen individuals, representing approximately (14) different companies, to discuss details of the RFP, as well as afford the attendees an opportunity to inspect the roof and building. Proposals were due yesterday, May 6th. We will place a potential action item on your May 21st Agenda for your consideration.
