Site Description: The subject area is vacant and heavily wooded with a mixture of hardwoods and pines.

Site History: In 2020 this particular site in Pod I was approved for a rental community for up to 300 living units. The applicants Letter of Intent in both the Master Plan Amendment and Conditional Use Permit was very specific in requesting a "for rent" development. These applications were approved along with reducing the house minimum house size from 2,400 square feet to 1,000 square feet.

CRITERIA TO BE APPLIED – LAND USE PETITION (Master Plan amendment)

1. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties; **The proposed townhomes are an approved use for Pod I. The recent development of Grand Reserve supports additional residential development in the area. The applicant is also requesting the ability to construct detached homes.**
2. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property; **It will not.**
3. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned; **The affected area has a reasonable economic use as currently approved.**
4. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools; **The school board has not yet replied to these applications**
5. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan and Future Development Map; **The proposed amendment does not affect the Future Land Use Plan as the proposed development was approved in 2007.**

6. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal. **Rental projects such as this have been developed in other areas. Moss Pointe, a single family detached subdivision on Fate Conn, is a primarily rental subdivision.**
7. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources. **There no known historic buildings, sites, districts or archaeological sites in the subject area.**
8. Whether the aesthetic and architectural design of the site is compatible with the intent and requirements of the Comprehensive Plan, the Character Areas, and any Overlay Districts. **Any multi-unit (three or more attached units) development must be approved by the City of Canton Oversight Committee for exterior appearance.**

CRITERIA TO BE APPLIED – CONDITIONAL USE PERMIT

- a. Whether the proposed use is consistent with the comprehensive plan and other adopted policies of the City; **The proposed use was approved in 2007.**
- b. Whether the proposed use complies with the requirements of this zoning ordinance; **The proposed use was approved in 2007 when Pods G, H, I and J were added to the original Riverstone development.**
- c. Whether public services, public facilities and utilities are adequate to serve the proposed use; **Public services will be adequate to serve the proposed use.**
- d. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of:
 1. Noise, smoke, order, dust or vibration generated by the proposed use; **The proposed use will not generate additional noise, smoke, odor, dust or vibrations.**
 2. Hours or manner of operation of the proposed use; **Hours of the proposed use will be typical of a residential development. and**

3. Traffic volumes generated by the proposed use; The addition of up to 300 rental/for sale units will have an affect on traffic.

- e. Whether the proposed use would result in an over-concentration of the subject use type within the area of the proposed use; **There is one townhome project in the immediate area however it is both owner occupied and rental units.**
- f. Whether the aesthetic and architectural design of the site is compatible with the intent and requirements of the comprehensive plan, the character areas, and all applicable zoning ordinance regulations; **The exterior design, color and materials must be approved by the City of Canton Oversight Committee.**
- g. Whether the proposed use is compatible with adjacent properties and land uses, based on consideration of the size, scale and massing of proposed buildings and the overall site design. **The proposed use is compatible with adjacent land uses as it provides a transition from single family, detached homes to attached residential units in the area. Size, scale and massing of the project is subject to approval by the City of Canton Oversight Committee.**

PUBLIC SCHOOL POLICY STATEMENT

The Mayor and Council of the City of Canton hereby recognize that growth and development can, at times, have an effect on school capacity within the county and therefore recognize the need to share information on developments that have regional impact. In an effort to cooperate with the Cherokee County School Board and share information on residential rezoning requests, master plan applications, and land use modifications to the comprehensive land use plan, the Mayor and Council hereby encourage open dialogue and meeting between the applicant and the appropriate school board representative. Therefore, developers whose projects consist of 25 or more residential units shall contact the Cherokee County School Board and communicate with a school board representative to discuss their intent. The applicant should be prepared to address such communication if requested by the Mayor and Council at the meeting in which final action is to be taken. (Section 8-8-B-37) (Amended: 12/07/00)

RE: Application of TPA Group, LLC for a Conditional Use Permit (CUP) and to amend the Riverstone Master Plan for Pod I for property located in Land Lots 191 and 206 of the 14th District; Cherokee County, Ga.

LETTER OF INTENT

Dear Steve:

TPA Group, LLC proposes to amend the Zoning Conditions and the Master Plan and apply for a Conditional Use Permit to allow for-sale townhomes in addition to the already approved for-rent townhomes. The Subject Property is a portion of the 83.70± acre residential land use classification for Pod I. In 2020, the city approved a Conditional Use Permit for 300 rental townhomes on the subject property. TPA wishes to amend this approval to allow the townhomes to be for sale and not just a rental community. Additionally, TPA requests an amendment to the Masterplan to have the option allow the units to be detached

The totality of the Subject Property is situated in the City of Canton and is zoned PD-MU. Pod I was added to the Riverstone Master Plan in 2007 along with Pods G, H and J. The property to the south and east of the Subject Property is owned by Bright-Sasser Canton, LLC and is largely undeveloped. South and west of the subject property is owned by the Cherokee County School District where Teasley Middle School and the new location for Cherokee High School (currently under construction). Immediately to the west and located across Reservoir Drive is the Grand Reserve Canton apartment community. Under the City of Canton's 2045 Comprehensive Plan, the Subject Property is situated in the Community Level Mixed Use/Retail Center (CLMURC) Character Area.

REVIEW CRITERIA

How will this proposal be compatible with the surrounding properties?

The Riverstone Master Plan is located adjacent to the Great Sky Master Plan to the north and Bluffs at Technology Park Master Plan to the east. The Applicant's proposal to add a fee-simple option for home ownership to this area will provide a mix of housing in the Bluffs/Technology corridor. The option to allow all or some of the units to be detached also creates the potential for a mixture of housing types in the area.

How will this proposal affect the use and value of the surrounding properties?

The request to amend the Master Plan will not adversely affect adjacent or nearby properties' existing use, usability, or value. The proposed amendments will create more housing options in Canton.

Can the property be developed for a reasonable economic use as currently zoned? Please explain why or why not.

The Applicant is not requesting a change in zoning only adding additional options for housing which is beneficial for the city. The property has reasonable economic use as zoned.

What would be the increase to population and traffic if the proposal were approved?

Increases to population and traffic were taken into account when the Master Plan was approved. The proposed additional options do not increase traffic as compared to the already approved plans.

What would be the impact to schools and utilities if the proposal were approved?

The proposed development is keeping with growth trends throughout Cherokee County and new housing is likely to add new students to the school population. The City of Canton has made recent upgrades to its wastewater system and water lines. Public utility service capacity is adequate to serve the Applicant's proposal. The applicant will work with the school system on any capacity concerns, but the proposed homes will cater to smaller families which often do not have many school age-children. Additionally, the proposed zoning condition change and Masterplan amendment do not increase the impact over the already approved plans.

How is the proposal consistent with the Comprehensive Land Use Plan, particularly the Future Land Use Map?

The Subject Property lies within Community Level Mixed Use/Retail Center (CLMURC) Character Area of the City's Future Land Use Map. Single family dwellings (attached or detached)

November 7, 2024

Page 3

are prescribed housing types as outlined in the Pod I Master Plan description. As outlined in the *Canton Roadmap for Success*, the Applicant's proposal will increase variety of housing through varied price-points, design and construction.

Are there existing or changing conditions which affect the development of the property and support the proposed request.

The City's 2022 Updated Housing Study has revealed the need for an increase in the number of housing units and specifically the need for additional for-sale housing options.

I look forward to working with you and the Community Development Department regarding this application. Should you or your staff have any questions, please let me know.

Sincerely,

SAMS, LARKIN & HUFF, LLP
